Most respondents believed there should be an equal focus on traditional vocational offerings and emerging fields

### PARTICIPATION IN CAREER TRAINING PROGRAMS

15% of respondents had attended a career training program in the past

**Thank you for being a member of BeHeard Baltimore™**  
The results of past BeHeard Baltimore™ surveys are on our website.

**About this survey** - This survey was open for responses from February 16-26, 2021. There were 116 respondents. The demographics of the BeHeard Baltimore™ panel do not match those of the city of Baltimore. This leads to skewed responses that likely do not reflect the views of city residents as a whole. The University of Baltimore, the administrators of the BeHeard project, are working to expand survey participation through media and organizational outreach. Due to concerns about the respondents' demographics, the survey results presented here should only be considered reflective of the survey respondents and not city residents as a whole.

**About BeHeard Baltimore™.** The University of Baltimore launched BeHeard Baltimore™ to gather public opinion from city residents on the issues and events that are most important to them. The Baltimore Sun is the University's media partner for this project. The survey provides members of the community with the opportunity to help inform city leaders about their needs and views. All city residents over 18 years old are encouraged to participate. Interested residents can register to participate at <http://beheardbaltimore.com/> or call 410-837-6188. There is no cost to participate. For more information, please contact us at [BeHeardBaltimore@ubalt.edu](mailto:BeHeardBaltimore@ubalt.edu) or 410-837-6188.
